To the best of my knowledge, the questions on this form have been accurately answered. I understand that providing incorrect information can be dangerous to my (or patient's) health. It is my responsibility to inform the dental office of any changes in medical status.

Patient: ____ DOB: ____________________

PLEASE ONLY INITIAL#1, #2 & #3. DO NOT INITIAL ANY OTHERS WITHOUT BEING ADVISED BY OFFICE STAFF.

1. **WORK TO BE DONE**
   I understand that I am having the following work done:
   ☐ Exam/X-rays ☐ Fillings ☐ Crown/Bridge
   ☐ Extractions ☐ Root Canals ☐ Dentures ☐ Others

   Initials __________________

2. **DRUGS AND MEDICATION**
   I understand that antibiotics, analgesics and other medications can cause allergies reactions causing redness and swelling of tissue, pain, itching, vomiting, and/or anaphylactic shock. Initials__________________

3. **CHANGES IN THE TREATMENT PLAN**
   I understand that during treatment it may be necessary to change or add procedures because of conditions found while working on the teeth that were not discovered during the examination. For example root canal therapy following routine restorative procedures. I give my permission to the Dentist to make any/all changes and additions as necessary. Initials__________________

---

4. **REMOVAL OF TEETH**
   Alternatives to removal have been explained to me (root canal therapy, crowns and periodontal surgery) and I authorize the Dentist to remove the following teeth ____________ and any other necessary in paragraph 3. I understand removing teeth does not always remove all the infection, if present, and it may be necessary to have further treatment. I understand the risks in having teeth removed, some of which are pain, swelling, spread of infection, dry socket, loss of feeling in my teeth, lips, tongue and surrounding tissue (Parasthesia) that can last for an indefinite period of time or fractured jaw. I understand that I may need further treatment by a specialist if complications arise during or following treatment, the cost of which is my responsibility.
   Initials__________________

5. **CROWNS, BRIDGES AND CAPS**
   I understand that sometimes it is not possible to match the color of natural teeth exactly with artificial teeth. I further understand that I may be wearing a temporary crowns, which may come off easily and that I must be careful to ensure that they are kept on until the permanent crowns are delivered. I realize the final opportunity to make changes in my new crown, bridge, or cap (shape, fit, size and color) will be before cementations. It is also my responsibility to return for permanent cementation within 20 days from tooth preparation. Excessive delays may allow for tooth movement, this may necessitate a remake of the crown, bridge or cap. I understand there will be additional charges for the remakes due to my delaying.
   Initials__________________

6. **ENDODONTIC TREATMENT (ROOT CANAL)**
   I realize there is no guarantee that root canal treatment will save my tooth, and that complication can occur from the treatment and that occasionally root canal filling material may extend through the tooth which does not necessarily affect the success of the treatment. I understand that endodontic files and reamers are very fine instruments and stresses vented in their manufacture can cause them to separate during use, I understand that occasionally additional surgical procedures may be necessary following root canal treatment (Apicoectomy). I understand that the tooth may be lost in spite of all effort to save it.
   Initials__________________

7. **PERIODONTAL LOSS (TISSUE AND BONE)**
   I understand that I have a serious condition, causing gum and bone inflammation or loss and that it can lead to the loss of my teeth. Alternative treatment plans have been explained to me, including gum surgery, replacements and/or extractions. I understand that any dental procedures may have future adverse effect on my periodontal condition.
   Initials__________________

8. **FILLINGS**
   I understand that care must be exercised in chewing with fillings, especially during the first 24 hours, to avoid breakage. I understand that a more extensive filling than originally diagnosed may be required due to additional decay. I understand that significant sensitivity is a common after- effect of a newly placed filling. If the sensitivity continues, I understand that a root canal may be needed, even though the tooth may not have hurt prior to the filling being placed.
   Initials__________________

9. **DENTURES**
   I understand the wearing of dentures is difficult. Sore spots, altered speech, and difficulty in eating are common problems. Immediate denture (placement of denture after extractions) may be painful. Immediate denture may require considerable adjusting and several relines. A permanent reline will be needed later. This is not included in the denture fee. **(Initials ___________)** I understand that it is my responsibility to return for deliver of the dentures. I understand that failure to keep my appointments may result in poorly fitted dentures. If a remake is required due to my delays of more than 30 days, there will be additional charges. Initials__________________

I understand that dentistry is not an exact science and that therefore, reputable practioners cannot properly guarantee results. I acknowledge that no guarantee or assurance has been made by anyone regarding the dental treatment, which I have requested and authorized. I understand that regardless of any dental insurance covered I may have, I am responsible for payment of dental fees. I agree to pay any attorney fees, collection fees, or court costs that may be incurred to satisfy this obligation.
